Thanked all the clubs for their efforts and cooperation in attempting to get a season up between lockdowns. Made mention of Damen Francis and Tia McNair who had moved on from AFL Gippsland in the 2020 financial year. Thanked them for their efforts in assisting the Gippsland League.</p> <p>Apart from the COVID 19 lockdown the other major item from 2020 was the release of the G25, made mention of the impact on Gippsland League and looking forward to see the positive effects that may come from the recommendations. League still in a strong off field standpoint due to the efforts pre 2020. Looking into 2021 this is a big positive and will ensure we can continue moving ahead.</p>
5.	<b>Financial Report</b>
	<p>2020 Profit and loss presented. Daniel provided finance report for the League for the 2020 financial year. Overall the League made a loss of \$19k. This was based off the back of some operating costs that were paid for the upcoming season that was cancelled. \$6,982 was written off by AFLG who made the stance to not chase up owing sponsorship for 2020. This combined with the audit costs for the 2019 &amp; 2020 financial year being included and prepaid in the 2020 P&amp;L increased the overall deficit. All club fees that were in the accounts receivable from 2019 have been finalised and paid for the first time since AFL Gippsland began administering Gippsland League which is a huge positive to move forward on.</p> <p>The League started the 2020 financial year with net assets of \$271,489 and finished with \$251,953. This is still a very healthy position moving forward for 2021.</p> <p>Moved: Leongatha    Second: Sale    Carried</p>

### AGA ROOKIE OF THE YEAR

Emma White (Traralgon)

After stating in the previous Annual Report that season 2020 was the most unique that we have seen, season 2021 produced a next level challenge. The League was faced with three different lock downs during the season which caused the postponement of the season on multiple occasions. Eventually after holding out hope until mid September the League was forced to abandon the 2021 finals series and the remaining unplayed matches for the year.

Overall 10 senior matches and 11 junior matches were played by each team in their respective grades meaning just over half the season was able to be played. Personally, I'm proud of the work that was done by the League and the clubs in an attempt to return to play. Thanks to all those who assisted in going through the process in an attempt to get sport back on the field this year.

The senior football competition was arguably the highest standard that has been produced across the board in my past six seasons with the Gippsland League. There were a number of big name players that committed to our member clubs this year with former AFL premiership players, Top 10 AFL draft picks, 2019 AFL listed players and VFL stars joining our premier grade of football. It was great to see these caliber of players choosing Gippsland League and added some excitement to the 2021 competition. Thanks to TRFM and Ace Radio who again were a major sponsor of the Gippsland League. They continue to support the League and help raise our profile within the community. Thanks also to Red Onion, AdCell, Sherrin, Valley Trophy Centre, Darren Chester and Warragul Sporting and Social Club for their support in 2021.

Our representative sides again managed to claim multiple titles at their events with the Under 18s football side claiming the Gippsland Junior Interleague Carnival title again. I thoroughly enjoyed watching our sides on the day and again they showcased the talent we have around the League. Multiple players from that side played senior football during the year with a few stars of the event making their senior debuts in the following weeks. Thanks to Pistol Gray for his efforts in again coaching the side. He does a great job with the program and is always enthusiastic about the Gippsland League and the junior programs. The junior netball sides also managed to claim multiple titles at the Association Championships. The 13 & Under and 15 & Under were victorious at the event and again won through to state finals. Unfortunately due to the lock down the state event had to be canceled. Thanks to Carlie Dwyer and Jodie Galea for their efforts with the representative programs. It is a huge time commitment for all involved and it is appreciated that they continue to put their hands up to help ensure that our girls get to play in the pathway programs.

Carlie has been involved with the League for a number of years and took on a role at AFL Gippsland this year working across West Gippsland FNC and continuing to assist the Gippsland League. Her efforts again go above and beyond and she had done an amazing job on perhaps the hardest administrative task, the netball umpires finals roster, which unfortunately the lock downs and restrictions saw all that hard work not come to fruition. I hope under the new setup that our amazing volunteers we have assist with the netball and football programs will stay involved.

That creates a perfect lead into the future of the Gippsland League and the new structure moving forward. AFL Gippsland and the Gippsland League worked throughout 2021 to create a transition from the AFL Gippsland governance model that has been in place since 2017 to a board of management to govern the Gippsland League. The member clubs indicated that after the current service agreement expired on October 31st 2021 that they would like to transition back to a board of management setup which the clubs had previously moved away from. AFL Gippsland created a sub committee to transition the governance and setup a board of management for 2022 and beyond. This committee included three current member club vice presidents with Clint Taylor (Moe), Shane Bennett (Maffra) and John Schelling (Leongatha) working with AFL Gippsland on the ideal setup. After an expression of interest period it was a real positive to see over 10 candidates

# LEAGUE REPORT 2021

put in an application to join the new board. At a Special General Meeting in September the clubs were given the opportunity to nominate the applicants and vote in a board of management for 2022 and beyond. This group formed a subcommittee that would work with AFL Gippsland up until the expiration of the current service agreement to ensure a smooth handover. It is great to see that there are a number of quality people that were voted in and hopefully they will be able to implement some great initiatives for 2022 that will help further develop the League.

AFL Gippsland has been administrating the Gippsland League since 2015. After the back of a positive first year in 2015 we have been able to help develop the League into a strong and stable off field business. In the time of the Gippsland League under AFL Gippsland administration there have been a number of great initiatives that have been implemented to provide benefit to the League, member clubs and the overall profile of the Gippsland League. A few key projects include;

- Implementation and development of *Gippsland League TV* including match filing of two weekly games, live streaming throughout the season, live streaming of all football Grand Finals and live streaming of senior finals
- *Facilitating a club grants program, a \$50,000 grants program funded entirely by the Gippsland League giving each club access to \$5000 for a development project.*
- *Implementation of shared revenue finals catering system ensuring the outlying clubs had access to yearly revenue from the finals series.*
- *Investment in the on field product with further investment in association umpires and updated officials uniforms including runners uniforms, trainers shirts and vests and volunteer umpire uniforms*
- *Theme rounds and community development projects: implementing the mental health round, Kempe Read The Play, Orange Round among other key events*
- *Further marketing of the League including implementing the Gippsland League Top 50, Netball MVP award, Netball Shooting Star Awards, Rookie of the Year and the live radio call of the A Grade netball Grand Final.*

In a huge positive for the League moving into 2022 Alinta Energy will be joining the League as our major sponsor and along with Loy Yang B will be the major naming rights sponsor of the Gippsland League until 2024. This has been a deal that has been worked on for most of 2021 and Alinta Energy and Loy Yang B will come on board and help the League further deliver some huge benefits to our member clubs with some exciting community development programs that will take place in 2022 and beyond.

2021 was undoubtedly a step up in terms of the challenges it brought up for administrators, players and volunteers and now we can only look forward to what 2022 has in store. Season 2022 will see plenty of change off the field and I hope that the League will continue on the growth that has been seen on the field and within the clubs. Thank you to all who continue to support the Gippsland League and continue to make us the premier sporting competition in Gippsland.

League Manager

My opinion is not modified in respect of this matter.

### Responsibilities of Management and Those Charged with Governance

Management is responsible for the preparation and fair presentation of the financial report in accordance with the Associations Incorporation Reform Act 2012, and for such internal control as management determines is necessary to enable the preparation of the financial report free from material misstatement, whether due to fraud or error.

In preparing the financial report, management is responsible for assessing the entity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the entity or to cease operations or has no realistic alternative but to do so.

As part of an audit in accordance with the Australian Auditing Standards, I exercise professional judgement and maintain professional scepticism throughout the audit. I also:

Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

## INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF GIPPSLAND LEAGUE INC

Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control.

Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.

Conclude on the appropriateness of the management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial report, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the entity to cease to continue as a going concern.

Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

I communicate with the management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

I also provide the management with a statement that I have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on my independence, and where applicable, related safeguards.

From the matters communicated with the management, I determine those matters that were of most significance in the audit of the financial report of the current period and are therefore the key audit matters. I describe these matters in my auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, I determine that a matter should not be communicated in my report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.
